Our Mission

Access to affordable eyewear, everywhere.

Eyeglasses are a powerful social and economic development tool. We provide affordable eyes glasses, vision screening and training so that non-profits, social entrepreneur, government agencies, and corporate clients can bring the wonder of clear vision to their communities.

Evidence of impact.

Vision Spring conducts assessments and studies to build the evidence base that underpins our theory of change. Our goal is for low income people to utilize eyeglasses as a means to improve their daily functioning, productivity and income earning potential, which create the possibility of a more prosperous life. Ask us about our productivity proof.
About VisionSpring

We are a pioneering social organisation creating access to eyeglasses for low-income adults and children. Here’s what we do and how we do it:

Annually in India, we screen the vision of more than 27.5 lakh (2.75 million) people and correct the vision of more than 10 lakh (1 million) people.

To deliver on our eye health mission across 23 states, we partner with more than 500 healthcare facilities and NGOs, 15 state governments and agencies, and 50 corporations and CSR programs.

Since 2005, we have distributed more than 50 lakh (5 million) pairs of corrective glasses in India, creating more than Rs. 8,100 Crore ($1.08 billion) in economic impact for low-income households.

On average, 73% of our users are first-time wearer, meaning they acquire their first-ever pair of eyeglasses through our See to Earn, See to Learn, and See to Be Safe programs.

We responded to the COVID-19 pandemic and touched over 3 million people with personal protective equipment, oxygen concentrators, and vaccination access and awareness.

SEE TO BE SAFE
Promoting road safety and eye health with eye screening camps and eyeglasses for long haul drivers

SEE TO BE SAFE
Promoting road safety and eye health with eye screening camps and eyeglasses for long haul drivers

SEE TO BE SAFE
Promoting road safety and eye health with eye screening camps and eyeglasses for long haul drivers
Twenty years of providing customer with the eyeglasses they need to work, learn, and drive safely

About our product

This new range of VisionSpring eyeglasses is the culmination of listening to our user and the eyecare institution who serve them. VisionSpring’s new ‘Made in India’ range is stylish, skilfully crafted, and durable. For the first time in VisionSpring’s history, the products featured in this catalogue were developed by our own team - this means we’ve had complete control over the process. The result is a higher-quality and lower-cost range of eyeglasses that you will find anywhere else. From the moment we started designing each pair, VisionSpring had you and your community in mind. See Well. Do Well.
