# Dignity cf Choice™

## WHY THE DIGNITY OF CHOICE™ ?

*Because everyone deserves to see well and feel confident.*

When VisionSpring's founder Jordan Kassalow volunteered in Colombia in 1987, he met Noka, a woman from a rural community who took a full day to visit their eye care outreach camp.

“By U.S. standards, Noka was legally blind,” wrote Jordan in his book, *Dare to Matter*. “After examining her eyes, however, I was able to find the one pair of used eyeglasses we had that were a 100 percent match for the prescription she needed.”

But three days later, Noka returned because her friends and family were mocking her and Jordan understood why — the glasses he had given her were 1950's cat-eye style with rhinestones and Coke-bottle lenses. Not something she would have chosen for herself.

Jordan brought this insight to the founding of VisionSpring, ***“[It's] the difference between what it feels like to have to take whatever someone has to give, and having the power to choose for yourself.”***

Since Day 1, we have offered style options for eyeglasses. We proactively seek feedback, and update our designs to match what people want. **By providing choice, we respect people's dignity, honor their identity, and inspire confidence.** And by supporting our partners in adopting stylish, affordable, glasses, we can ensure that everyone has the ‘Dignity of Choice™.’
